Our Mission

Serving greater Southern California for twenty-five years, Accord Cremation And Burial Services is a small yet progressive mortuary group. Accord Services has a very different concept and approach to funeral arrangements, serving those in need with a philosophy quite unlike our colleagues and the generations before them. We have made every effort to present our information and the services we offer clear, concise, and simple to understand, as many of the families we serve have never been through this process before. We believe each family we serve should be presented with all the options available, followed by a brief education and understanding of what they may or may not require. Our goal is to alleviate any unnecessary expense, in addition to providing the highest quality of personal and compassionate service without compromise at the lowest possible cost.

Due to the Coronavirus Pandemic some Restrictions will apply.
